

ASBESTOS SURVEY CERTIFICATION

COMMERCIAL RENOVATION/DEMOLITION

In accordance with the Texas Occupations Code, the Texas Asbestos Health Protection Rules (TAHPR), and the National Emission Standards for Hazardous Air Pollutants (NESHAP), the City of Weston requires certification that an asbestos survey of all affected areas of renovation or demolition on a commercial or public building was performed by a licensed asbestos abatement contractor

This form shall be completed and signed by the building owner or agent prior to the issuance of any permit for any demolition work or any renovation work performed on an existing structure meeting the definition of a commercial or public building. The signed form shall become a part of the permit and shall be kept on file with the permit and all associated documents.

For more information regarding asbestos survey providers, as well as other information regarding compliance with this Code may be obtained through the Texas Department of Health's Asbestos Program website at: www.dshs.state.tx.us/asbestos.

With this signature I certify that an asbestos survey has been done in accordance with the Texas Occupations Code, 12.B.1954.259 for the area(s) being renovated and/or demolished. I currently possess the State required minimum Liability Insurance.
